NEW PADDOCK ENTRANCE MANAGEMENT SYSTEM

In this unique health situation, 3MK Events and WFR Solutions launch a new paddock entrance management system for the Rotax MAX Challenge International Trophy 2020 which will be held in Portimão from Tuesday 8th to Sunday 13th December.

For the first time in motorsports, a facial recognition with temperature measurement and face mask detection will be used for the second edition of the RMCIT 2020.

As the event will take place behind closed doors and with a restricted number of people on site, this new system will allow to check the entries but also the frontal temperature and the face mask wearing of each person before entering the paddock for everyone's health and safety.

Each driver and attendee have to send a selfie taken with his/her phone to this email address: rmcit@wfr.pt with the following information in the **subject of the email**:

Racing Number / First Name / Last Name.
